

Dawsonera Quick Start Guide

Dawsonera contains a number of e-books which you can search and read online – this guide shows you how.

You can access Dawsonera from any computer which is connected to the Internet. Go direct to [Dawsonera](#) or via the **LRC Online catalogue** or the **e-Library** page of the LRC website or the **e-resources** page on Moodle.

You will need to accept the terms and conditions of Dawsonera. The opening screen looks like this.

The eBook Catalogue tab displays all the ebooks which the college has purchased from Dawsonera.

Searching

At the top of the main menu screen you will see a search box.

You can use this search box to perform quick searches. This will search for the words you enter in the description of the ebook: title, author, table of contents.

(The quick search does not search the full text of the ebooks. You can do this once you have opened an ebook to read.)

If your search is more complex try using the advanced search. It lets you add more search terms and filter your results.

Viewing the results

To see the description of an item in your results list click on the cover or title.

Intelligent Vehicle Technology and Trends ★

Description

With the advent of intelligent vehicle (IV) systems, the age of the electronic co-pilot in road vehicles is upon us. These cutting-edge systems can monitor nearby traffic, sense a vehicle's movement, and even alert the driver to hit the brakes to avoid a collision. This groundbreaking reso ...
